Notice PM-2184

For: State and County Office Employees

Verifying FEGLI Coverage

Approved by: Deputy Administrator, Management

1 FEGLI Coverage

A

Background

FEGLI coverage options changed because of the enactment of Pub. L. 105-311. The changes to FEGLI resulted in OPM issuing new FEGLI coverage codes. The coverage codes became effective within the same timeframes that County Office personnel processing was transferred to NFC.

HRD has discovered that a small number of FEGLI codes did not transfer over to NFC correctly. To further complicate matters, an open season for FEGLI has also taken place and those changes were effective beginning in April 2000. The implementation of CAMS in many States required the processing of the open season changes to be processed by the State Office for both CO and GS employees.

B
